

The New Hampshire Perinatal Quality Collaborative Our first year

Julie Bosak, DrPH, CNM, Director
NH Perinatal Quality Collaborative

Overview

- Who we are
- How we do this work
- Recap of the launch year
- Recognition

The NHPQC represents a statewide network working collaboratively towards improving maternal and infant health care and outcomes in our state.

POTENTIAL COALITION MEMBERS

Patient & Family Network

- ❖ Women
- ❖ Birthing People
- ❖ Family
- ❖ Partners
- ❖ Support Network
- ❖ Caregivers
- ❖ and more...

Policy Influencers

- ❖ Policy Makers
- ❖ Government Agencies
- ❖ Insurance payers
- ❖ Legislators
- ❖ Professional Organizations
- ❖ and more...

Clinical Providers

- ❖ Nurse Practitioners
- ❖ Lactation Consultants
- ❖ Midwives
- ❖ Doulas
- ❖ APRNs
- ❖ Community Health Workers
- ❖ Peer Recovery Coaches
- ❖ Family and Mom Support Groups
- ❖ Nurses
- ❖ Physicians
- ❖ and more...

Community Services

- ❖ Homebirth Community
- ❖ Family Resource Centers
- ❖ Childcare Providers
- ❖ CHMCs
- ❖ CHCs
- ❖ Women's health
- ❖ Pediatrics
- ❖ Birthing Centers
- ❖ EMS
- ❖ FQHCs
- ❖ Hospital Systems of Care
- ❖ Behavioral Health
- ❖ Community Based Org's
- ❖ and more...

Integrating and centering the voice of pregnant and parenting families

What is the NHPQC?

- The **NHPQC administrative team** housed at Dartmouth Health offers
 - clinical resources and education
 - quality improvement technical assistance
 - administrative support for coalition building
- A **network of 11 perinatal coalitions** geographically aligned with hospitals that provide OB services
 - coalitions support community driven, data informed improvements
- Our **hospital member teams** implement clinical improvements

How do we do this work?

Invite all voices to the table-encourage and support everyone's participation

Stay curious, open minded and respectful of other perspectives

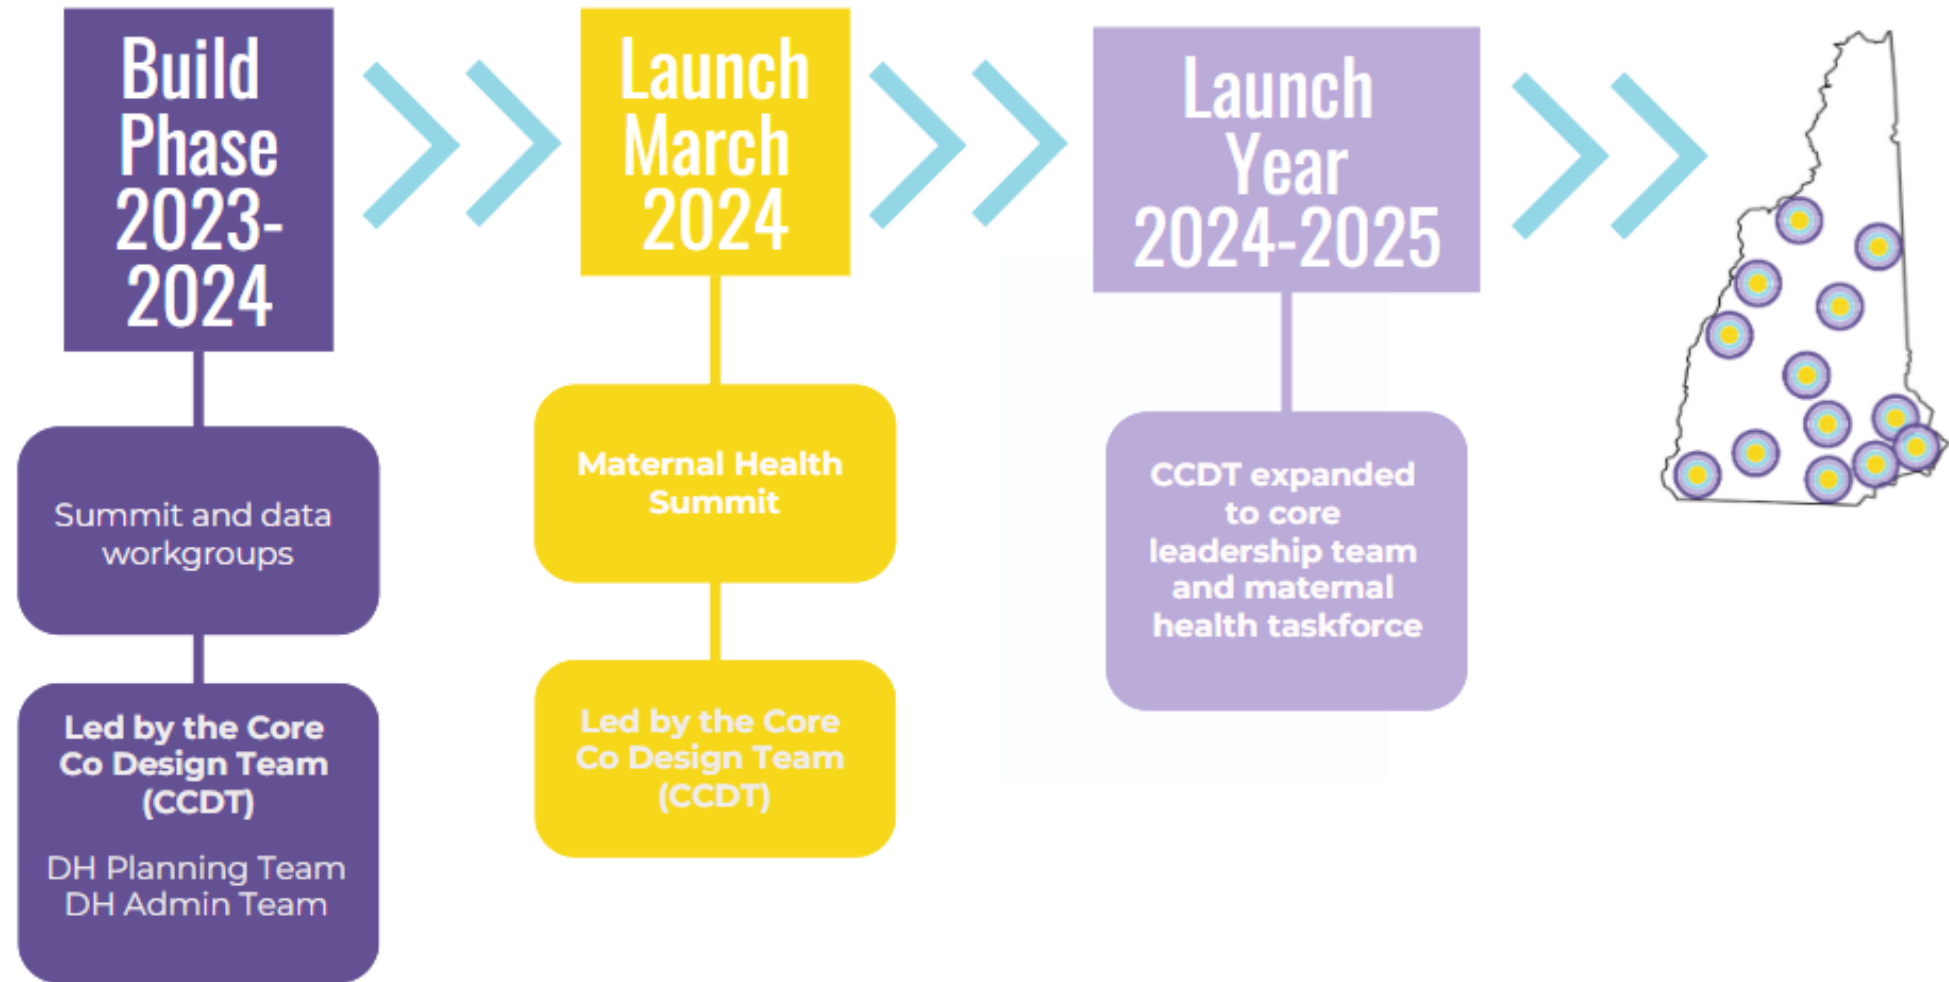

Shared power and decision making in ways that values everyone's input and builds trust

Transparency & honest communication

All work done in ways that are culturally and linguistically appropriate

Hold ourselves accountable and encourage continuous reflection

How did we get here?

What we all accomplished in our launch year

coalitions formed
GOAL MET

coalition meetings in last year
with representation from broad
community services inclusive of
patient voice

collective learning
webinars

Launch year: Maternal Health Innovation Grant

- Increased capacity for the NH PQC staff to support statewide work
 - Supports role to further our close partnership with our state MCH colleagues
- Maternal Health Task Force expanded core leadership team for the PQC
- MHTF created a comprehensive draft strategic plan that aligns statewide efforts
- Provided funds for all community coalition projects
- Data Dashboards
 - Template for community facing dashboards and regional data

Our Community Coalitions

- High engagement and commitment to this work, each other and the families you serve
- New relationships, improved communication and processes sparked by coalition participation
- Creative solutions to common challenges adapted to the uniqueness of your community context

Creation of coalitions

Innovative resource sharing

4

Increase understanding of local perinatal needs

7

Patient stories to support uptake of services

4

Improving access to mental health resources & support

Resource mapping

3

Training non-clinical facilitators in PMHC

1

Training workforce in behavioral health care

2

Reducing barriers to services

1

The coalitions' community-driven activities

Strengthening collaboration & support

Skills training in TIC, SUD

3

Community Baby Showers

3

Prenatal education/Centering

2

Parenting Support Groups

5

Community interpreter & translation work

World Story Exchange

the family
resource center

Creating a ripple effect...

The impact one small rock can make, even thrown by a tiny hand, is astounding. For as long as I can remember I've wanted to make a bigger difference in the world. I am so proud and honored to help give voice to the burdens many face during the journey into and throughout every stage of motherhood. I know this work will create the metaphoric ripples you see in the pond I'm raising my last baby on in the heart of Coos County. The impact this photovoice work will have is just beginning. The vulnerability and passion mothers brought to this project is admirable. I am blessed beyond words to have the opportunity to help create a safe space for people from all walks of life to make change, by simply throwing one powerful idea out into a room and watching it spread across the surface of our conscience, in awe, as it transforms along the way. Together we can change the world.

-Kailene Jones

Your part of creating change

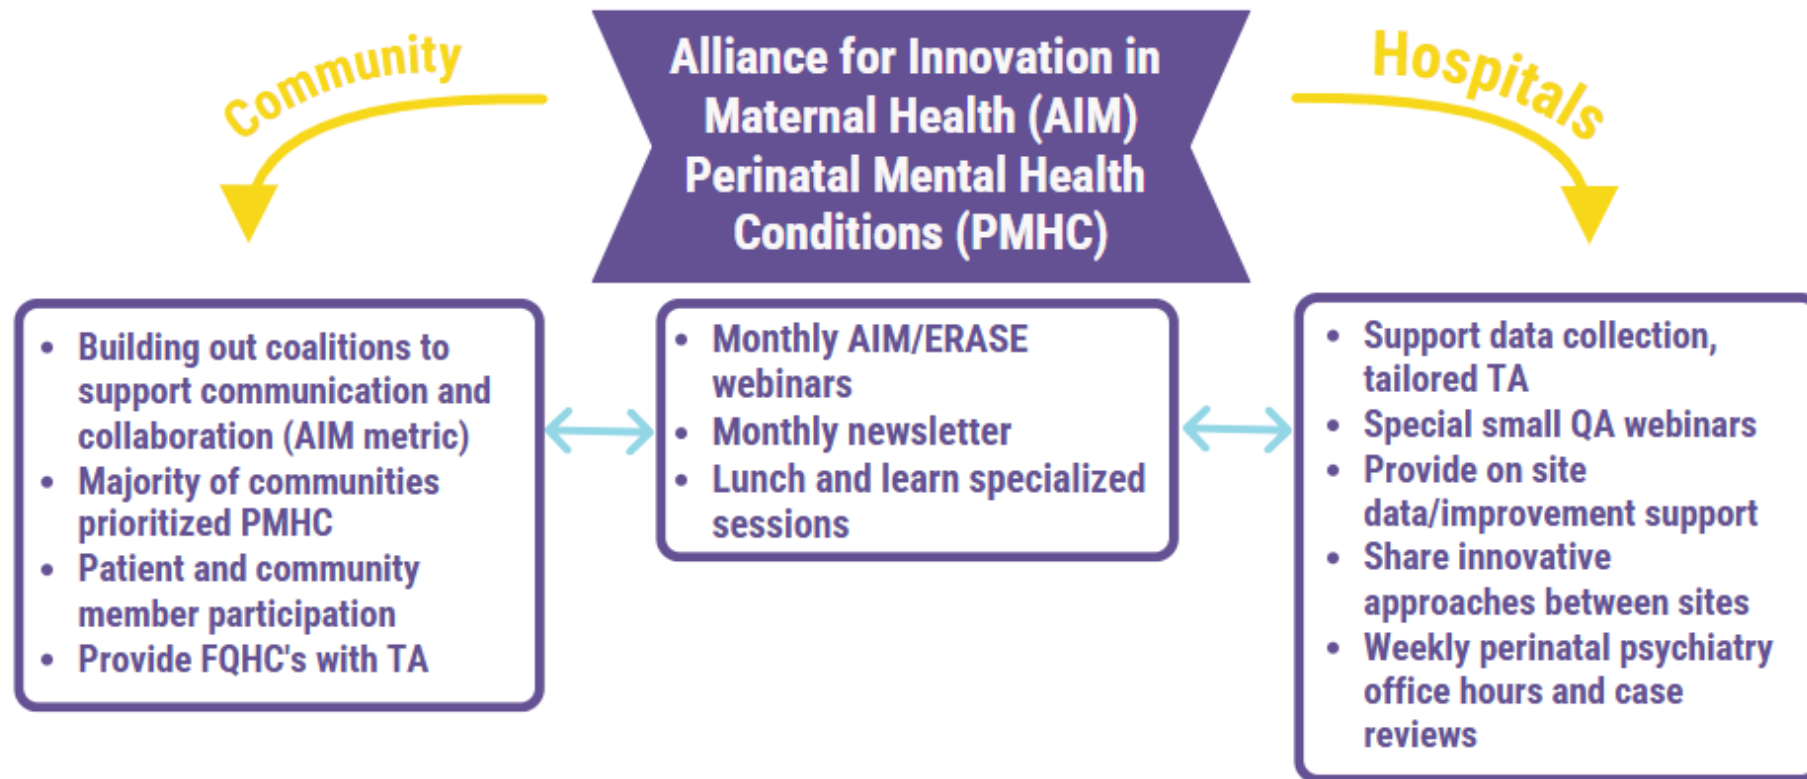

Your energy and commitment to change will have a ripple effect within your organization, your community and the experience and outcomes for pregnant and parenting families.

NHPQC Vision

All birthing people feel emotionally, psychologically, and physically safe as they experience caring, respectful, inclusive, high-quality care before, during, and after birth

How do we connect hospital and community improvements?

Creation of coalitions

Innovative resource sharing

Rochester/Dover,
Cheshire, Nashua
