

*The Rochester/Dover Coalition of the NH Perinatal Quality  
Collaborative invites you to attend*

# The Perinatal Puzzle: Mapping What Exists, Identifying What's Missing

**When:** Wednesday, Oct. 28<sup>th</sup> from 9am - 1:30pm

**Where:** Wentworth Douglass Hospital

789 Central Ave. Dover, NH

Garrison Wing - Auditoria A & B

Refreshments  
& lunch  
provided!

Join us for a collaborative networking event where coalition members, providers, and community organizations come together to build a shared perinatal resource map, identify gaps, and inform the development of a practical resource toolkit for partners.

## Why should you attend?

We need your knowledge of the perinatal services in the area to map what is available to families, and what might be missing

- **Connect** with other professionals and partners to **strengthen** relationships
- Collaboratively **map** what the perinatal journey looks like for families and where there might be cracks or **opportunities** for improvement
- **Inform** the development of a partner-facing toolkit to grow your network and aid in more seamless referrals and connections
- Experience the art of **graphic notetaking** and see our perinatal continuum come to life
